

JOSE B. GOMES

WEB DEVELOPER

 Flat 9, Tillotson Court
Wandsworth Road
SW8 2NH
London, UK

 Italian / Brazilian

I am a young professional living, working and studying in London since mid 2004, What I like the most is to develop applications that are usable, look beautiful and really add value to my clients business.

+ Career

Mar 14 - Date Software Developer Upcast Social	Initially re-developing the front-end experience for the Facebook/Twitter Marketing tool, using the latest technologies of responsive design, such as Grunt, CSS3, HTML5, AJAX and jQuery. Working as part of a medium size team following Git-flow strategies and Symfony framework integration.
Mar 13 - Mar 14 Software Developer Cyber Interactive	As a Software Developer at Cyber, I had the chance to expand my web development skills, taking part in many CMS website development projects and the innovative Onboarding system. Working on an Agile/Scrum environment with technologies such as HTML5, CSS3, jQuery/Javascript, PHP and MySQL along with Git version control in a LAMP stack.
Apr 10 - Mar 13 Reports Developer CFS Europe	As a Reports Developer at CFS-Europe, I was in charge of maintaining, supporting, optimizing and developing SSRS reports and Web Surveys. Working with technologies such as Microsoft SQL, HTML, CSS, jQuery and C#.
Aug 07 - Apr 10 Junior Developer CFS Europe	As a Junior developer, I had the chance to participate in developing parts of the core products for CFS-Europe, as well as carrying out software testing and developing the front-end for all web and mobile surveys.
Feb 05 - Jul 07 Various	Other jobs have included I.T. technical support, helpdesk, waitressing and family business.

+ Education

Coursing Sep 12 - Jun 15 (Expected) BSc Computing Birkbeck University of London	This course covers most state of the art techniques in computer science, including Cloud Computing, Artificial Intelligence, Middleware, Information Security and most Programming Language Paradigms. Yet, not leaving common topics such as OOP, Database Managent and Software engineering overseen.
Distinction Sep 08 - Jun 12 FD Web Technologies Birkbeck University of London	From discrete maths to advanced OOP, this course covered all major modern topics in the realm of web development such as Databases, Typography and Web Standards. Also covering a concise introduction to business management and financial accounting.
Distinction Feb 06 - Dec 06 Computer Networks Lewisham College	Achieved a Distinction in this course that focuses on principles of electronic engineering and operating systems, covering all basics of modern computer networks with a good blend of theory and practice.
