

JOSE B. GOMES

WEB DEVELOPER

 Flat 9, Tillotson Court
Wandsworth Road
SW8 2NH
London, UK

 Italian / Brazilian

I am a young professional living, working and studying in London since mid 2004, What I like the most is to develop applications that are usable, look beautiful and really add value to my clients business.

+ Career

<div>Mar 13 - Date</div> <div>Software Developer</div> <div>Cyber Interactive</div>	As a Software Developer at Cyber, I had the chance to expand my web development skills, taking part in many CMS website development projects and the innovative Onboarding system. Working on an Agile/Scrum environment with technologies such as HTML5, CSS3, jQuery/Javascript, PHP and MySQL along with Git version control in a LAMP stack.
<div>Apr 10 - Mar 13</div> <div>Reports Developer</div> <div>CFS Europe</div>	As a Reports Developer at CFS-Europe, I was in charge of maintainig, supporting, optimizing and developing SSRS reports and Web Surveys. Working with technologies such as Microsoft SQL, HTML, CSS, jQuery and C#.
<div>Dec 09 - Date</div> <div>Freelancer Web Developer</div> <div>Freelance Part-Time</div>	As a Freelance Web Developer, I had the chance to engage into many different projects, either on my own or as a part of a small team of developers. Including REST API's in Laravel and phone applications with Phonegap.
<div>Aug 07 - Apr 10</div> <div>Junior Developer</div> <div>CFS Europe</div>	As a Junior developer, I had the chance to participate in developing parts of the core products for CFS-Europe, as well as carrying out most of the software testing and taking part in smaller but challenging internal projects. Microsoft SQL and Access databases being in the core of all projects.
<div>Feb 05 - Jul 07</div> <div>Various</div>	Other jobs have included I.T. technical support, helpdesk, waitressing and family business.

+ Education

<div>Coursing</div> <div>Sep 12 - Jun 15 (Expected)</div> <div>BSc Computing</div> <div>Birkbeck University of London</div>	This course covers most state of the art techniques in computer science, including Cloud Computing, Artificial Intelligence, Middleware, Information Security and most Programming Language Paradigms. Yet, not leaving common topics such as OOP, Database Managent and Software engineering overseen.
<div>Distinction</div> <div>Sep 08 - Jun 12</div> <div>FD Web Technologies</div> <div>Birkbeck University of London</div>	From discrete maths to advanced OOP, this course covered all major modern topics in the realm of web development such as Databases, Typography and Web Standards. Also covering a concise introduction to business management and financial accounting.
<div>Distinction</div> <div>Feb 06 - Dec 06</div> <div>Computer Networks</div> <div>Lewisham College</div>	Achieved a Distinction in this course that focuses on principles of electronic engineering and operating systems, covering all basics of modern computer networks with a good blend of theory and practice.
